April 2013 Newsletter

This month's Straddie Fly-in Breakfast was a great success due in no small way to the best flying weather we have had for a very long time. Conditions were calm, the temperature was mild and a gin-clear, blue sky was above us.

Forty-nine aircraft arrived for the breakfast and there were many new faces amongst the eighty-one people who sat down for an excellent breakfast under the club's brand new shade-sails.

The many new visitors to the fly-in breakfast were a welcome sight, particularly the many younger flyers who are at the beginning of their flying careers or at least, some involvement in aviation.

Thank-you to Pat and the Club volunteers for the setting up of all the tables, chairs and umbrellas in the eating area, the serving area, the preparation and cooking of the breakfast, the washing up and the cleaning and packing up of the eating area.

Thanks also to the members who work at the promotion and advertising of this breakfast and the club in general, e.g. the updating of www.stradair.com website, the uploading of new and exciting photos, the internet listings and the posters at various aerodromes in South-East Queensland. All of this creates the interest to motivate the new visitors to try the Straddie Fly-in Breakfast for the first time as well as keep our regular flyers returning to our airfield and breakfast.
