January 2013 Newsletter

The showers stayed away, and just a light breeze with a Northerly component saw thirty four aircraft land on runway 33 including three first time visitors. Fifty six guests enjoyed a great breakfast.

It was a good turnout, especially given the heat and the unpredictable weather. It was also hard work for the busy workers in this heat and thanks again to Pat and the crew.

Don't forget to check out Dave Wilson's fabulous photos in our website gallery. There are currently 192 photos in there and each month the latest photos are appended to the list. Go to the left arrow and it will take you to the latest photo. If you have ever been to our breakfasts you are sure to see your aircraft there.
