## August 2011 Newsletter

Well it was a “touch and go” weather forecast for our August breakie fly-in but conditions turned out to be next to perfect. It’s about time we started winning the weather war!

A light Southerly wind with blue skies made for the usual scenic flight and landing on 15.

We had 23 aircraft including one chopper and 40 guests enjoying fly-in’s greatest breakfast. Not a record turnout but a very healthy one especially considering the Bundaberg Air show was concurrent.

It was great to see some first time visitors and I’m sure they will return to experience our great hospitality and the camaraderie.

Our Website Photo Gallery is always being updated after each fly in so check it out to see brilliant photos by Dan Wilson.

Don’t forget you can order any photos of your beloved plane from Dan as well as purchasing the latest photo Album.

Enjoy the photos on these two pages and more in our photo gallery

Hope to see you all in September

Fly Safe. Ken Cox
