Feb 2012 Newsletter

Thirty eight people in twenty one aircraft braved light showers to attend Our Saturday breakfast fly in.

It just goes to show you what pilots will do for a breakfast as good as ours!

On Saturday afternoon two Chinese war birds from Balina arrived and stayed the night. They mistakenly thought the breakfasts were on a Sunday morning. They camped at the strip and Pat and the club crew served up ten breakfasts on Sunday morning. Pat do you think we should have every weekend Saturday and Sunday breakfasts? Only joking of course!

Duncan Shiels has prepared a Taxiing guide for pilots for our field. As we all know it can be a bit of a squeeze when we have all eaten, talked and decided to depart at the same time. A bit like the end of an air show! Please peruse this on the airfield info page on our website and feel free to make any comments.

A couple of photos on these two pages of some familiar faces and aircraft from this fly in.

See you all in March
