An interesting morning it was, on Saturday 17th. Despite forecast storms for the weekend twenty three planes and an intrepid thirty five guests from the local area attended. When the approaching storm was detected a hasty but safe evacuation at 10:30 ensued. See three arrival photos opposite.

The striking photo above of the Dunwich foreshore is evidence of the storm's ferocity. Brave Dave took the photo just before he boarded the speedboat back to the mainland.

Don't forget the December Christmas fly in and the AGM after our special breakfast on the 15th. Extras will include nuts, Christmas lollies, cake and cream!
